time period outlined in Section 6-1-1-108 and demolish and remove the dilapidated structure(s) and secondary structure(s) within four (4) weeks of the issuance of the demolition permit. Further, until all such work is completed and for so long as the structure(s) and secondary structure(s) remain deemed dilapidated and the real property deemed a public nuisance, the owner or said owner's agents shall not allow the premises to be occupied.

SECTION 3: In the event the property owner either (1) fails to obtain a permit as directed in Section 2 of this Resolution or (2) fails to perform in accordance with the conditions of the permit issued, then the City's agents are authorized to enter upon the property, to abate the nuisance thereon, and to otherwise demolish, dismantle and remove the dilapidated structure(s) and secondary structure(s). Further, Neighborhood Services is authorized to solicit bids to raze and remove the dilapidated structure(s).

SECTION 4: In conjunction with or in lieu of any such abatement, as provided in Section 3 of this Resolution, the City Attorney is hereby authorized, should the same be deemed necessary, to abate the nuisance by the initiation, prosecution, and/or settlement of litigation in Comanche County District Court, pursuant to the provisions of Title 11 O.S. §22-112 , Title 50 O.S. §17, and/or any other applicable law. In addition to the property owner, the City Attorney shall be authorized to name as a party to such litigation any individual or entity having an interest in the property, to include mortgage and lien holders. In lieu of or in conjunction with any such litigation, the City Attorney is authorized to allow a demolition permit to be issued to any individual with legally valid ownership claim to the property.

SECTION 5: All of the costs borne by the City in abating the nuisance shall be charged to the owner of the property as a personal obligation and to the real property itself as provided by law. These costs will include the following: (1) the cost of litigation to include attorney fees, (2) the cost of any notice, mailing, filing, and all administrative and professional expenses incurred, (3) the actual cost of the labor, maintenance and equipment required for the dismantling and removal of the dilapidated structure(s) and secondary structures(s), and (4) any other expenses that may be necessary in conjunction with the demolition, dismantling and removal of the structure(s) and secondary structure(s) and otherwise abating the public nuisance on the property.

SECTION 6: All persons having an interest in property are notified that, pursuant to Title 11 O.S. §22-112, any action to challenge this Resolution must be filed within thirty (30) business days.

Item Title:

Consider reaffirming the council decision declaring the structure(s) located at 2809 SW J Avenue that have been declared dilapidated.

Initiator:**Information Source:****Background:**

The structure(s) located at 2809 SW J Avenue was declared dilapidated pursuant to Lawton City Code, Division 6-5-1, on March 26, 2024, following proper notice and public hearing before the City Council. Chapter Section 6-1-1-108 allows for two (2) ninety (90) day permits to complete repairs to a dilapidated structure. If the remodel is not completed within the 180 days allowed by code, the property must return to Council for determination whether an additional 180-day extension should be granted. The owner of the property opted to demolish the structure(s) instead of repair them. Since the original declaration, there have been five (5) demolition permits applied for; however, all permits have expired without completion of demolition. The permit application dates were July 18, 2024; October 9, 2024; February 10, 2025; March 10, 2025; and April 9, 2025. The structure(s) remain in non-compliance. Staff is requesting that the Council reaffirm its previous declaration of dilapidation to ensure continued enforcement authority and direction.
