Item Title:

Consider and take action in approving a resolution amending Appendix A, Schedule of Fees and Charges, Lawton City Code, 2025, by correcting an oversight in water base rate in Appendix A-22-113 for multi-unit users to be the same base rate as residential and business users in Appendix A-22-111; making a correction in Appendix A-22-114 for wholesale customers lowering the water usage rate as set forth in Exhibit "A" of the resolution based on a twenty (20) year old agreement with the wholesale customers; and amending Appendix A-22-104 to reduce the dishonored check charge from \$35.00 to \$25.00 to comply with state law; and establishing two separate effective dates.

Initiator: Willie Whisenhunt, Director

Information Source: Willie Whisenhunt, Director

Background:

On May 12, 2026, the Lawton Water Authority approved Resolution No. 26-02 effective July 1, 2026, which amended Appendix A Chapter 22 Utilities by establishing new water and sewer rates.

An oversight in the rate schedule, Appendix A-22-113, had not been edited to reflect the base rate presented for approval to the Lawton Water Authority on May 12, 2026. The base rate for multi-unit users was presented at the same rate as the single-account residential and business customers.

The proposed resolution corrects the water rate in Appendix A-22-114 for wholesale customers. A settlement agreement executed in 2006 with the wholesale customers established a dollar per dollar water rate increase. The adopted increase was calculated using an incorrect in-city rate, necessitating a correction to ensure the adjustment is applied accurately. The agreement states that the residential rate shall be used to establish the amount allowed for the increase. The resolution makes a correction to the wholesale customer by adjusting the increase based on the settlement agreement from 2006.

The Goodyear water rates are shown as changed due to not being in the updated Appendix A Chapter A-22-114 located in the current version of MuniCode. The rates were changed with Resolution No. 25-03 approved on May 27, 2025.

Staff also identified that the dishonored check charge in Appendix A-22-104 was not consistent with the maximum amount authorized by Oklahoma law. This resolution corrects the fee by reducing the charge from \$35.00 to \$25.00 to ensure compliance with state statute.

Correlation to the True North Statement:

This item meets the True North Culture statement of Citizens first by providing a sustainable water and wastewater system that provides safe, reliable water supply and wastewater disposal that protects the environment.
