Item Title:

Background:

The structure(s) located at 1423 NW Ozmun Avenue, was declared dilapidated pursuant to Lawton City Code, Division 6-5-1 on April 22, 2025. Currently Chapter Section 6-1-1-108 allows for two (2) ninety (90) day permits to complete the repairs to a dilapidated structure. If the remodel is not completed within the 180 days code states, the property must come back to Council to determine if another 180 days should be granted. The last request for additional time was denied by Council on April 16, 2026. Since that time there is a new owner and they would like to remodel the property.

Staff feels another remodel permit should be issued so that the new property owner has time to remodel the property.

Consider staff's recommendation to deny a request from the property owner for additional time to remodel the structure located at 905 SW Summit Avenue, per Division 6-1-1-108 Section D, which states after 180 days the property will go back to City council for specific authorization by the Council.

Initiator: Larry Parks, Director

Information Source: Jonathan Jernigan, Neighborhood Services - Supervisor

Background:

The structure(s) located at 905 SW Summit Avenue, was declared dilapidated pursuant to Lawton City Code, Division 6-5-1 on May 13, 2025. If the remodel is not completed within the 180 days, the code states, the property must come back to Council to determine if another 180 days should be granted. The last permit expired on May 6, 2026. The last inspection was on April 20, 2026.
