MAYORAL NEW YEAR 2024 ADDRESS

REPORTS: MAYOR/CITY COUNCIL

COL Peay reminded the Council and the community that as May approaches, Fort Sill will host two significant events: the annual Fires Symposium and the inaugural Best Redleg Competition.

Williams expressed her pride in the MacArthur cadets and shared her gratitude for the opportunity to hold three community meetings. She noted that these meetings provided valuable information to the constituents of Ward 7.

Hampton highlighted the Farmer's Market and informed the community about the cancellation of Open Streets due to rain. However, the event has been rescheduled for June 8th at 9:00 AM.

Chapman urged citizens to drive cautiously and remain vigilant for road workers while traveling around town.

AUDIENCE PARTICIPATION: Anyone having an item of business to present to the City Council that does not appear on the agenda please come forward at this time. The Mayor and Council will receive comments from audience members. Council may recommend to the individual or group as to what action they should take, i.e., refer the situation to a particular department or person at the city offices. Each speaker will have a 3-minute time limit, each topic will have a 9-minute time limit, and Audience Participation will be limited to 30-minutes in total.

Delores Raphael, residing at 329 SW 71st St, addressed the Council regarding agenda item #11. She identified herself as a member of the Lawton Fort Sill Juneteenth Committee.

Mayor Booker interrupted and informed her that she would need to return and speak during the discussion of agenda item #11.

Kaysa Whitley, residing at 7902 NW Echo Rd, introduced herself as the Coalition Coordinator for Westwin Resistance. She expressed concerns about the ongoing issues in Westwin, particularly the lack of effective solutions for the mental health crisis. Additionally, she called for Councilman Harris to resign.

Jenna Hadley addressed the racial comments made by Councilman Harris toward the Native community, expressing that no meaningful solutions have been implemented. She stated that his apology was insufficient and called for his removal from the Council.

Mayor Booker clarified that only the voters who elected an official or the courts have the authority to remove them from office. He emphasized that no member of the Council has the power to remove an elected official.

Robert Radcliff shared his concerns about the cobalt refinery and expressed a desire for more information on various matters, particularly regarding future water and air testing solutions.

Mayor Booker reminded the audience that, according to the rules, there were only two minutes remaining for speaking on the topic of Westwin Elements.

A citizen spoke about the dangers of Westwin Elements, describing them as experimental. She referenced information from the CDC to support her concerns.

Jaqueline Shelton acknowledged that the gathering was taking place on stolen Indigenous land and addressed the racist comments made by Councilman Harris. She called for the Lawton City Council to defer further activity on Westwin.

Pewewardy, residing at 719 NW Kinyon Ave, spoke out about Councilman Harris' actions against the Native American community.

Leann Enderly, residing at 316 NW 32nd St, stated that she has been attending Council meetings for the past 4-5 months, observing the proceedings. She expressed her frustration with how some individuals have been behaving during audience participation and took the opportunity to point out the rules governing that part of the meeting.

CONSENT AGENDA:

The following items are considered to be routine by the City Council and will be enacted with one motion. Should discussion be desired on an item, that item will be removed from the Consent Agenda prior to action and considered separately.

Mayor Booker announced that item #9 will be pulled from the consent and considered separately.

MOVED by Warren SECOND by Hampton to approve the consent agenda as presented with exception of pulling item #9 to speak on separately. AYE: Hankins, Chapman, Hampton, Weger, Williams, Warren. NAY: None. MOTION CARRIED.

9. Consider approving a Limited Event Support Agreement with Lawton Fort Sill City-Wide Juneteenth Inc. to support a public, family-friendly Juneteenth Celebration.

Larry Parks, Parks and Recreation Director, addressed the Council to request approval for Hotel-Motel funds to support the City-sanctioned Juneteenth event. He explained that the Lawton Fort-Sill Juneteenth Committee has been working hard to sponsor the event, which they hope will continue to grow. Parks emphasized that this year's event is planned to span three days, with the goal of making it the premier Juneteenth event in the state. Although they missed the original funding request for the 2023-2024 period, they have since submitted a request for the 2024-2025 budget.

Mayor Booker clarified if they are requesting \$25,000 from Hotel-Motel Tourism.

Parks stated yes.

Mayor Booker asked if there are still working on the barbeque contest.

Parks stated yes, we have a lot of great events scheduled for this years festival.

Jason Poudrier, Arts & Humanities, stated that the original permit with this committee was submitted back in February and they have been meeting with them in order to get this planned and they are looking forward to a wonderful event.

Delores Raphael stated that she was more interested in speaking on item #11 on the agenda opposed to item #9.

Mayor Booker insisted that she go ahead and speak since that item has already been passed and would require a motion for reconsideration if a Councilmember desires that.

Raphael shared that she is part of the original Juneteenth Committee, which has been operating since it was incorporated in July 2012. She has been involved with the committee since 2008, when it was established by Mr. Albert Johnson as a perpetual organization. Raphael mentioned that she had made several calls to the Council regarding this matter. She noted that she submitted an application on April 5, 2024, along with a budget and funding request for the Juneteenth 2024 event, which is scheduled for June 8th at City Hall. She expressed concern that while agenda item #11 discusses amending the budget, her submitted budget is not being considered nor listed on the agenda. Raphael pointed out that the corporation listed on the agenda was formed on January 24, 2023, rather than in July 2012. As a joint owner of the Juneteenth Committee and its financials, she stated that the original committee has received significant support and is requesting that the Council give consideration to the original Juneteenth Committee.

Mayor Booker clarified that, as he understands it, Raphael's request would require a separate submission. He noted that the current request before the Council is for \$25,000 to support the organization they have worked with in the past, if he is not mistaken. He then inquired with the City Manager if Mrs. Raphael's request had been received.

Ratliff confirmed that he had received a request to use a city facility, specifically a pavilion at Elmer Thomas Park. However, since the pavilion was unavailable at that time, they instead offered the Banquet Hall within City Hall free of charge.

Mayor Booker asked if the request was limited to the use of the Banquet Hall at City Hall, seeking clarification from Ratliff on whether that was the extent of Mrs. Raphael's request.

Ratliff confirmed that, to his knowledge, the request he had seen was limited to the use of the Banquet Hall at City Hall.

Mayor Booker stated that it seems the City Manager has already accommodated Mrs. Raphael's request by offering the free use of the Banquet Hall. He expressed uncertainty about what further Mrs. Raphael is asking, noting that it appears her request has already been fulfilled.

Raphael clarified that she submitted a budget on April 5th to the Finance Department for support of non-consumable items, as she had been directed to do.

Mayor Booker stated that it appears to him that Mrs. Raphael's request is separate from the agenda item in question. He then directed her to the City Manager to determine the necessary steps to move her request forward.

Raphael asked how her request would affect agenda item #11, seeking clarification on how her budget request might impact or be related to the current agenda discussion.

Mayor Booker explained that item #11 is related to a budget amendment, which would only incorporate the item into the budget. He pointed out that item #9, which involves the approval of the item, is the key

action in question. According to the Mayor, the amendment doesn't approve anything directly but simply includes it in the budget, while item #9 would actually approve the transaction.

The Council continued to discuss the matter in further detail, exploring the specifics of Mrs. Raphael's request, the budget amendment process, and how it relates to the approval of the funding.

Raphael mentioned that she has a check from 2022 that bears the Mayor's signature, likely referencing a prior agreement or transaction related to the Juneteenth event.

Kristen Huntley from the Finance Department clarified that last year, neither Juneteenth Committee submitted a request for Hotel-Motel funds. She explained that, to her department's understanding, the request received on April 5th was for next year's Hotel-Motel funds, and the deadline for Fiscal Year 2024 requests had passed in April 2023. The request submitted this month is for Fiscal Year 2025 funds.

Raphael emphasized that the Council is amending the 2023-2024 budget to accommodate the request, which is the main point she was trying to convey.

John Dunaway, residing at 802 NW 53rd St, addressed the check Mrs. Raphael referred to from 2022, clarifying that it does not correspond to the current request being presented. He explained that, in the past, the City of Lawton had assisted the Juneteenth effort by reimbursing the committee for funds they had expended, and that the check in question was part of that reimbursement process. Dunaway further explained that when he joined the Juneteenth Committee in 2010, at the request of Mr. Johnson, the committee received annual reimbursements for certain expenses, starting with \$7,000. The finance officer at the time, Mrs. Raphael, would submit the reimbursement requests to the City. Dunaway mentioned that he was the one who picked up the check in question, which had been submitted to Mrs. Raphael, as she was the finance officer. He also noted that in 2015, he was asked to take over as the committee's chairperson and has several documents to support this. He then provided further details about the committee's structure.

Mayor Booker asked Mr. Dunaway if, within the last five years, his committee has been involved in and running the Juneteenth program at the Patterson Center.

Dunaway confirmed that, yes, his committee has been involved in and running the Juneteenth program at the Patterson Center within the last five years.

Mayor Booker asked Mrs. Raphael if her committee is separate from Mr. Dunaway's, seeking clarification on whether the two committees are distinct entities.

Raphael confirmed, yes, indicating that her committee is separate from Mr. Dunaway's.

Mayor Booker asked Mrs. Raphael if she has been involved in the Juneteenth program at the Patterson Center within the last five years.

Raphael confirmed that, yes, she has been involved in the Juneteenth program at the Patterson Center within the last five years.

Mayor Booker asked how both Mrs. Raphael and Mr. Dunaway are involved, as it doesn't appear that they are working together on the Juneteenth program.

Raphael presented the incorporation paperwork from when Mr. Dunaway had the committee incorporated, as well as the paperwork from when Mr. Johnson had it incorporated, likely to clarify the history and structure of the two committees.

Mayor Booker asked the Council how they would like to proceed with this item, seeking their input on how to address the situation.

The Council discussed their perspectives on the matter, sharing their thoughts on how to address the situation regarding the Juneteenth committees and the funding request.

MOVED by Hankins SECOND by Hampton to approve the a Limited Event Support Agreement with Lawton Fort Sill City Wide Juneteenth Inc. to support a public, family friendly Juneteenth Celebration. AYE: Hankins, Chapman, Hampton, Weger, Williams, Warren. NAY: None. MOTION CARRIED.

*Item #25 was moved up on the agenda to accommodate a presentation from out-of-town speakers.

25. Discuss plans and specifications for Engineering Project PR2310 - East Side and Lee West Park Improvements, Phase II and provide direction to staff. **DIRECTED STAFF TO BRING BACK CONCEPTS FOR LOW COST SPLASH PADS**

Joe Painter, the City Engineer, introduced Daniel Smith, the architect working on the splash pad projects. Painter explained that it had come to his attention that his department might have a different vision for the splash pads than what the Council had initially intended. He stated that they would like to receive input from the Council on their thoughts regarding the splash pads and mentioned that Smith would be available to answer any questions if needed.

Mayor Booker asked if work had already been done on proposals for the splash pads, or just simply seeking general guidance from the Council at this stage.

Painter stated that they are far on these projects, they were right at construction plans for the splash pads.

Warren shared his insights and thoughts on the splash pads, emphasizing that the best option for the City would be to build as much as possible for the least amount of money. He suggested focusing on cost-effective designs and features that would maximize value for the community.

The Council continued their discussion, considering various size options for the splash pads and evaluating the potential benefits and drawbacks of different scale designs. They also discussed additional factors such as fencing, parking, restrooms, and other extras that might be necessary for the successful implementation of the splash pads.

Painter suggested that the most appropriate approach would be to revisit the project and prepare a concept plan to present to the Council for feedback before moving forward with the design plans.

UNFINISHED BUSINESS:

18. Consider adopting a resolution declaring the structures located at 1406 NW Williams Avenue, to be dilapidated pursuant to Section 6-5-1 Lawton City Code, ordering the owner to abate the nuisance, authorizing summary abatement, and authorizing the City Attorney to commence legal action in District Court to abate the nuisance.

Joshua White, the Neighborhood Services Supervisor, stated that this item is a follow-up from last month. He presented the findings on the property in question, outlining the reasons for declaring it dilapidated. He also mentioned that the presentation is on file at the City Clerk's Office for reference.

Wilson asked for clarification on whether the public hearing for this item had already taken place.

Charlotte Brown, the Community Services Director, confirmed that the public hearing had already been held and closed at the last Council meeting. She explained that the item had been tabled at that time because the property owner was unable to attend due to health reasons.

White continued with the presentation, providing further details regarding the findings and the process for declaring the property dilapidated.

Mayor Booker invited the property owner to come forward and speak, giving them the opportunity to address the Council regarding the property in question.

Myra Chavez stated that their goal is to salvage the property and attract investors to help rebuild it, citing the sentimental value the property holds for them. She requested approval to continue moving forward with their plans for the property.

Mayor Booker asked for clarification on why this item was delayed, seeking to understand the reasoning behind the decision to table it at the previous meeting.

White explained that the item was delayed because the property owner was unable to be present at the last meeting due to health reasons.

Mayor Booker expressed that, although he dislikes the idea of tearing down something that is part of a probate process, it is considered a public nuisance. He then asked if there was an assigned executor responsible for handling actions related to the property during the probate period.

Chavez explained that both parties involved have lawyers working on the matter, and the lawyers can speak on their behalf. She also mentioned that they are based out of Dallas and were unaware of the fire until they received the letter in late March.

Ratliff asked Myra Chavez if her ex-husband had a will at the time of his passing.

Chavez stated that her ex-husband did not have a will. She mentioned that they have multiple witnesses, and the agreement was to repair the property due to the sentimental value it holds.

Ratliff stated that, due to the absence of a will, there should be an administrator rather than an executor handling the probate process.

Wilson asked if there is a probate action currently on file with a court.

Chavez confirmed that, yes, there is a probate action on file with a court.

Wilson asked Chavez who the administrator of the probate would be.

Chavez stated that she was unaware of who the administrator of the probate is.

Wilson stated that he did not want to engage in a legal discussion but took the opportunity to explain the probate process. He clarified that as long as the notice was properly issued and directed to the owner of record in the County Treasurer's Office, the decision on how to proceed would ultimately be at the discretion of the Council.

Mayor Booker stated that it is most likely the Council will decide to place the property on the Demolition and Derelict (D&D) list. He explained the process of what that entails.

Warren expressed his opinion on the matter, likely offering his thoughts.

Mayor Booker stated that the legal department has recommended tabling the matter for 30 days to ensure clarity on the legalities involved before proceeding further.

She explained that after her ex-husband passed away in 2015, she had to sell almost everything she owned to cover funeral expenses, leaving her with no funds to fix the property. She shared that her ex-husband did not leave a will, and since his name was on the property, she was advised by a probate attorney to simply pay the taxes and maintain the yard. Headberg further explained that she no longer knows what to do about the matter.

Wilson sought clarification on the situation and shared his thought process regarding the matter. He explained that, ultimately, as long as the proper notice has been given to the property owner, it is within the Council's discretion to decide how to proceed with the issue at hand.

Headberg stated that she would be unable to tear the property down because she does not have the funds to do so.

Wilson further explained the process of when a house is placed on the Demolition and Dilapidation (D&D) list.

Headberg inquired about the timeline, asking how much time she would have to arrange for the removal of the trailer from the property if it were placed on the D&D list.

Wilson clarified that she would have 30 business days to arrange for the removal of the trailer from the property.

Further discussion ensued between Mrs. Headberg, Wilson, and the Council regarding the matter, with clarification on timelines and next steps for addressing the property issues.

PUBLIC HEARING CLOSED.

Weger stated that, to his understanding, if the property taxes were not paid and the bill was addressed to the deceased owner, the lien would be placed on the property. He asked whether, in such a case, the property would eventually go to a county sale.

Ratliff confirmed that, yes, the property would go to a tax sale after three years if the property taxes were not paid.

The Council and City Manager continued their discussion, delving further into the details of the process and the implications of placing the property on the D&D list, as well as the legal steps that may need to be taken.

Gary Brooks, Housing Development Administrator, explained that typically the funding letter from HUD is received in February, but as of now, it has not been received, which he finds concerning. He clarified that the draft version presented is based on last year's figures, with no changes made. Brooks then provided additional details about the item.

The Council engaged in a detailed discussion about the item, sharing their thoughts and raising questions to address concerns regarding the delayed HUD funding letter and its potential impact on the proposed draft. They examined possible contingencies and strategies to mitigate any funding discrepancies should the final HUD allocation differ from the draft estimates. Additionally, the Council deliberated on the allocation and utilization of CHDO funds, ensuring alignment with federal guidelines and the community's housing needs.

Charlotte Brown clarified that this item is intended to set an estimated amount in the City's budget. She noted that the final federal allocation would not be determined until after the City's budget is approved, emphasizing the need to proceed with the draft figures for planning purposes while awaiting the official funding confirmation.

Kameron Good, Senior Planner, presented an amendment to the land use plan and a related rezoning request, to be addressed under item #24. He provided an overview of the plan, available for review at the City Clerk's Office, and explained that the property owners intend to develop the site into two soccer fields. Good noted that notifications were sent to 28 property owners within a 300-foot radius on April 1st, and a public notice was published in the *Lawton Constitution* on April 6th. He further stated that the matter was brought before the CPC during a public hearing on March 28th, where the CPC unanimously recommended approval of the request with an 8-0 vote.

Chapman inquired about the intended use of the property.

Good explained that the property is intended to be privately funded and maintained, with the goal of hosting soccer events and games.

Chapman inquired whether the facility would include lighting.

Good responded that, at this time, there are no plans to include lighting.

PUBLIC HEARING OPENED.

Leann Enderly, 316 NW 32nd St, referenced her rental property on the map, which she purchased as a vacant lot and has maintained. She inquired about the address being listed as 3116, as the property is directly across from 37th Street. Enderly also raised concerns about the adequacy of the proposed four parking spaces, questioning whether they would be sufficient for the soccer fields. Additionally, she asked if the parking spaces would be gravel.

Mayor Booker asked if gravel is an acceptable material for parking spaces under city code.

Good stated that the proposed parking spaces are currently planned to be gravel, but any additional gravel parking would require a variance request to be approved by the Board of Adjustments. He clarified that the required parking spaces will be paved.

He mentioned that the rate for community service hours has been increased from \$15.00 to \$16.67 per hour. Additionally, the policy change broadens the scope of offenses eligible for community service, making it available for all offenses under the city code, rather than just littering. Ratliff further noted that the Director of Parks and Recreation will now oversee the program, with oversight reporting to the courts, replacing the previous structure where the Chief of Police was in charge.
