ROLL CALL

PRESENTATION OF PROCLAMATION FOR RODEO DAYS

Mayor Pro Tem Wells presented a proclamation to Bennie Gibson and David Crane, Lawton Rangers, proclaiming August 5, 6, 7, and 8 as Lawton's Rodeo Days 2009.

Mr. Gibson stated in 2008 there were 770 PRCA sanctioned rodeos and the Lawton rodeo was number 37.

AUDIENCE PARTICIPATION:

Holly Davis, Bartlett, Texas, stated they sold a home at 112 NE Bell. They bought the home because she thought her husband would be working in Lawton until 2012, but that was not the case. She stated they opened the water account in July and in December there was a water leak and their bill was \$112 and they did not know about it. She was not able to get here until the end of January and by that time she had a \$300 bill. She came to the City of Lawton to inquire about her bill because she had been to the house and did not see a leak. She stated they were working on the house and had the sheetrock torn down so it was obvious no one lived in the house. Staff told her the bill had reached \$1,700. When she investigated she found out the leak was due to the water heater. She immediately turned everything off. In July she spoke with staff who told her there was a one time exemption if she qualified. She wrote a letter asking for the exemption, but was told today that nothing could be done. She then spoke to the Finance Director who told her that the exemption was only for non-detectable leaks. She stated she feels that at some point she should have been notified. She has already paid all but \$1,000 which was the last bill. She is requesting the City Council waive that \$1,000. They realize now that they cannot take care of the house so they decided to sell it. They actually sold it at a loss.

Mayor Pro Tem Wells stated that since this issue was not on the agenda, the City Council could not take any action tonight.

Shanklin stated he would like to see two or three councilmembers meet with Ms. Davis to determine if she needs some relief. From what he can gather, he believes she does.

Shoemate stated that he agrees. When it is a leak that you don't see, they need to work with these people.

Mayor Pro Tem Wells questioned if Ms. Davis could meet in the morning. He requested volunteers from the council to attend the meeting.

Burk, Shanklin and Drewry agreed to meet at 9:00 a.m.

Rick Endicott, Finance Director, stated the issue has been brought up as to why the City of Lawton did not detect and notify Ms. Davis about the leak. Between December when the bill was read and January the water heater exploded and water was running. As a result the bill came out on an exception report. On February 3rd, staff took the steps to make sure the reading was correct. They tagged the house, but no one was there. He stated they have no way of verifying who used the water or where the water went. There is a provision in the code that states we do not adjust for toilet leaks, water tanks or something that can be detected. This could have been detected if someone would have been there.

Mayor Pro Tem Wells stated he is sure that the City followed the appropriate procedure. He requested Mr. Endicott be at the meeting.

Shanklin questioned why staff would not be alarmed at the loss of this water.

Endicott stated there is no way staff can know if a house has a leak until they go back out the next month and read the meter.

Jensen stated this claim was pulled at the last meeting because there was a mix up with the name and the agenda title. Staff wanted to make sure that the claimant received notice that the claim was being heard by the City Council. He stated staff continues to recommend denial of this claim.

MOVED by Drewry, SECOND by Burk, to deny the claim of Andrea Johnson in the amount of \$153.36. AYE: Shanklin, Zarle, Haywood, Wells, Shoemate, Hanna, Drewry, Burk. NAY: None. MOTION CARRIED.

38. Hold public hearings and adopt a resolution declaring the accessory structure located at: 611 SW Jefferson Avenue to be dilapidated public nuisances, thus causing a blighting influence on the community and detrimental to the public’s health and safety. Further authorize Neighborhood Services to solicit bids to raze and remove the dilapidated structure, if necessary. Exhibits: Resolution No 09-_____. Summary documents with supporting photos, reports from the Fire Marshal, Housing Inspectors, and case history are available from Neighborhood Services.

Griffith presented photographs of the property. He stated he has made several attempts to contact the titleholder but he has not returned his phone calls.

Haywood stated that he does know Mrs. Greenlee and she is a wonderful person. He has had a hard time with this property and they have given Mr. Greenlee a chance and have given him plenty of time. Not only does he have this property in his ward, but he has a lot of others that need to be torn down.

PUBLIC HEARING OPENED. No one appeared to speak and the public hearing was closed.

MOVED by Haywood, SECOND by Burk, to adopt **Resolution 09-73** declaring the accessory structure located at 611 SW Jefferson Avenue to be a dilapidated public nuisance. AYE: Zarle, Haywood, Wells, Shoemate, Hanna, Drewry, Burk, Shanklin. NAY: None. MOTION CARRIED.

NEW BUSINESS ITEMS:

39. Hold a public hearing to receive input from citizens and to consider a change to the FFY 2008 Consolidated One-Year Action Plan, Change 3. Consider approving City Council Resolution 09-____, and authorize the Mayor and City Clerk to execute the implementing documents. Exhibits: Resolution 09-____. FFY 2008, Change 3 is available for review in the City Clerk's Office.

Tim Libby, Grants and Fiscal Officer for Housing and Community Development, stated in the Community Development Block Grant reinvestment Act funds that were approved for 2008, they asked for the approval of an equipment operator in training program. When that was sent forward to HUD, the program was rejected and they were told they needed to come back quickly with another proposal. This proposal is to provide \$173,064 to the Fort Sill Apache restaurant. These funds will assist in the construction of the restaurant and in return, the restaurant will provide for eight low and moderate income jobs to the citizens of Lawton. Those jobs will be assured for a minimum of five years. This will provide a boost to the economy by creating eight new jobs. He stated they will allow these jobs to be any position within the restaurant.

Haywood stated he has no problem with these jobs going to the Fort Sill Apache restaurant.

PUBLIC HEARING OPENED. No one appeared to speak and the public hearing was closed.

MOVED by Burk, SECOND by Haywood, to adopt **Resolution 09-74** approving Change 3 to the FFY 2008 Consolidated One-Year Action Plan. AYE: Haywood, Wells, Shoemate, Hanna, Drewry, Burk, Shanklin, Zarle. NAY: None. MOTION CARRIED.

Mayor Pro Tem Wells stated they need to address item #41 before #40.

41. Consider approving an ordinance assessing and levying a one-half percent (0.5%) sales tax to be collected from January 1, 2010, through December 31, 2014, for the purpose of assisting Lawton Public Schools with funding school building construction and renovations/remodeling and the purchase of buses, and providing for the administration of the collection of the sales tax. Exhibits: Ordinance No. 09-_____.

Mayor Pro Tem Wells stated he would like to see this approved because he feels they should give the citizens the right to vote on an issue like this. He stated he feels that they owe this to the generations that will follow. They need to take care of the schools for the children and this would be a way to do that.

Zarle stated he has one problem with this. He stated if this goes before the public and is passed, the \$25 million that is bonded out will be a liability to the City of Lawton and could affect us in the future bonding of an emergency. That is his main concern.

Mayor Pro Tem Wells stated they are talking about the bonding rating that could cause us to pay higher interest on bonds if we were to exceed a certain amount.

Mitchell stated the impact would affect the bond rating and also the loan capacity. There is a debt ceiling that you might approach if you had an emergency. The only concern he would have is that you are limiting your bonding capacity and there would be that potential.

Burk stated a lot of time they don't think about the generations down the road. No one wants to raise taxes but it is just part of what they have to do. They owe it to the city to stand up and say they are behind this 100%.

David Madigan, 7511 NW Willow Creek Drive, stated he is representing close to one hundred volunteers who have been working very hard to come up with a solution. He stated they are trying to make positive, proactive changes within our school district. They owe this to 17,000 students and over 2,000 educators who work for Lawton Public Schools. The needs within our school system are tremendous and the list of needs exceeds over \$100 million. He is most proud of this collaboration of community partnerships that are putting aside self interest to meet this need. They have come up with a one half cent sales tax that will generate \$25 million along with an advalorem that will raise \$37 million. That is \$62 million over the next five years.

Hanna stated that the citizens need to know this information because they are the ones that will be going to the polls. He stated they need to give the children everything they deserve.

Drewry stated this is not just a wish list, it is for the safety of our children and for their educational benefit. We are not meeting those needs right now.

Shoemate stated this past week he has been to Cache and Elgin and he has seen their new schools and gymnasium. He stated our buses are outdated and dilapidated. He stated there are a lot of needs in this community and he feels this should be brought to a vote of the people and let them have a say.

Shanklin stated he understood that there is \$4 million we will get from Fort Sill if we build a school.

Mr. Madigan stated he is not aware of this.

Mayor Pro Tem Wells stated he hopes that the City Council will get out and let their constituents know how important this is for the student.

MOVED by Burk, SECOND by Hanna, to adopt **Ordinance 09-22**, waive the reading of the ordinance, read the title only. AYE: Wells, Shoemate, Hanna, Drewry, Burk, Shanklin, Haywood. NAY: Zarle. MOTION CARRIED.

Exhibits: Resolution No. 09-____, Special Election Proclamation and Notice.

Shanklin questioned what items are they eliminating from this half cent sales tax.

Jensen stated this is a half of a percent, not half of a cent.

Mayor Pro Tem Wells stated he went to a Change of Command Ceremony today and he said it is a very impressive ceremony. There is a lot of history and tradition that goes into it.
