Mr. Daniel was not present. Chief Hadley said that Mr. Daniel is at the Airport Fire Station. He said they have a giant brand new vehicle that barely fits in the windows. The old vehicle had a yellow line that you line up on as you are backing it in the station. When they got the new truck they had to put a new yellow line. The old yellow line is still there. Mr. Daniel got lined up with the old yellow line and damaged the new truck. He backed into a concrete pole. They have put in an order to have the old line removed. The old yellow line is chipped and worn. The police report stated that it was dark or unknown lighting. The time was 2100 hrs. Weather was clear. He did not have a spotter.
