4. *NEW BUSINESS*

A. Driving Safety – Securing Your Load

Wolfe provided a handout on 12 Safety Measures for Secure Loading Operations along with pictures of what could happen and urged everyone to be aware no matter what you haul. Wolfe witnessed on 17th by the Bus Barn 3 doors that fell off of a non-city truck and glass went everywhere. Safety Reps expressed faulty equipment and depend on other departments to borrow equipment. Wolfe stated if you can fix equipment properly then do so, protect yourself, protect the City. Notify Equipment Maintenance for repairs. If problems still exist, contact David Miller, Candy Brown or Larry Wolcott.

5. *COMMUNICATION/DISCUSSION:*

Hubbard stated that OSHA has new regulations on silica dust to reduce exposure. Must use water while cutting concrete, fiberboard and masonry. New equipment purchases will need inside filtration system. Employees that wear a respirator should have an initial test and then medically tested every 3 years.
